## **ND Highway 32 from Gwinner to Lisbon now open**

The North Dakota Department of Transportation (NDDOT) and ND Highway Patrol have opened ND Highway 32 from Gwinner to Lisbon. Water has receded from the roadway and traffic speeds have returned to normal. In addition, water has receded from ND 13 in Gwinner and ND 18 in Wyndmere and traffic speeds have returned to normal. Rain is forecasted for eastern North Dakota and motorists are reminded that rapidly changing conditions can occur.

### **The following highway remains closed due to flooding:**

- ND Highway 13, eight miles west of Gwinner

### **The following highways are affected by flood waters, but remain open to traffic, with traffic speeds reduced:**

- ND Highway 14, twelve miles north of Towner
- US Highway 83, nine miles north of Max – Temporary grade raise in place with single lanes of traffic in both directions.
- ND 53, near Benedict
- ND Highway 200, four miles west of Hurdsfield.
- ND Highway 200, four miles east of Hurdsfield - Temporary Grade raise in place with a single lane of traffic.

Fluctuating water levels make it difficult to predict when and where water will go over a roadway or recede from the roadway. The NDDOT encourages motorists to check road conditions before traveling due to rapidly changing conditions. For updated road information, call 511 from any type of phone or go to the Travel Information Map on our website at [www.dot.nd.gov](http://www.dot.nd.gov).

The road report is based upon the information available to the NDDOT at the time of preparation and is provided solely as a public service. Conditions may vary from those reported.
